

PROGENESIS

We help you start a healthy family

1st ANNUAL GENES SYMPOSIUM

Progenesis is proud to announce that our 1st Annual Progenesis Symposium was a success!. Click here for the full program and list of speakers:

<https://www.progenesis.com/genes-conference/>

We will soon share videos of the speakers and professional images capturing the remarkable event!

SAVE THE DATE FOR GENES next year:

June 6-8, 2024

THE LABORATORY IMPACT

Progenesis has implemented updated clinical SOPs for the following:

1. Biopsy rinsing and loading
2. Shipping and packaging of frozen tissue

Please contact your account representative today if you have not received these documents. We are also offering complimentary onsite visits to demonstrate and review our updated SOPs with you and your staff.

Please contact Sheela Ali, PhD, HCLD/TS/CC(ABB), Sheela.Ali@Progenesis.com, to request a complimentary visit at your center. .

INTERNATIONAL

INDIA

Progenesis is pleased to announce that our laboratory in India is all set with successful installation of laboratory equipment. We have submitted an application for receiving PC & PNDT license to start our laboratory operations and are waiting for the completion of the licensing inspection. Our mission is to democratize access to patient care.

For additional information or to partner with us, please contact Dr. Rajni Khajuria via email: Rajni.Khajuria@Progenesis.com

PROGENESIS ACADEMY

Progenesis is excited to announce our upcoming webinar.

USA

Topic: PCOS and Endometriosis in Genetics and ART

When: June 14, 2023, 3pm, PST

Webinars are held monthly on the second Wednesday at 3PM PST.

Visit [Progenesis Academy](#) for additional resources for continued education.

BRAZIL/LATAM

Progenesis Brazil was a strong participator in CBRA Brazil in May

Is your clinic interested in becoming a member clinic in Brazil or Latin Americas? Please contact Angelica Mury via email: Angelica.Mury@Progenesis.com

PROGENESIS EVENTS

Progenesis is committed to continued education and takes an active role representing the science in the field.

May 19th

May 10, 2023- CRB Symposium, Las Vegas

Our abstract was selected for an oral presentation titled: "Biochemical Pregnancy Outcome is impacted by Biopsy Technician Skill." We also hosted 2 educational roundtables with Drs. Arrach and Ali, highlighting the power of data automation on improved KPIs in the lab.

May 15, 2023- CART-Denver

Dr. Sheela Ali will be presenting on Embryo Mosaicism and contributions to this outcome.
