RESEARCH AND INNOVATION

Research and development is an important aspect of medicine, providing means to offer innovative solutions to your patients. Is your clinic interested in joining our studies?

Please submit your interest here:
<https://forms.gle/vpMkq8Vkys97uuGu8>

Please contact Sheela Ali, PhD, HCLD/TS/CC(ABB), Sheela.Ali@Progenesis.com, for more information

Progenesis is committed to continued education and takes an active role representing the science in the field. Here is where we have recently been and a few places we hope to see you next:

1. CBRA Brazil September 2023
2. ASRM New Orleans October 2023

INDIA

Progenesis is delighted to share that in India we have also opened a new branch in Chennai and we have started operations.

In our Chennai office, we're dedicated to set a benchmark in the fields of Bioinformatics and Artificial Intelligence (AI), specifically tailored to redefine the landscape of IVF. Our unwavering dedication lies in harnessing cutting-edge technology to create tailor-made solutions for individuals and couples embarking on their journey towards parenthood.

You can follow Progenesis India on Instagram, Facebook and LinkedIn to know our services and informational updates.

For additional information or to partner with us, please contact Dr. Rajni Khajuria via email:
Rajni.Khajuria@Progenesis.com

BRAZIL

Progenesis Brasil had a successful participation in CBRA 2023. Our team was invited to be part of a lot of important discussions and we organized a Embryology Hands On Training in our booth.

We would like to thank each one of friends and partners that contributed to make this event so special. We can't wait to meet you again very soon.

Is your clinic interested in becoming a member clinic in Brazil or Latin Americas?
Please contact Angelica Mury via email:
angelica.mury@Progenesis.com
